

Martin Mill Pike Reopens

Martin Mill Pike Reopens

The City of Alcoa announced today that Martin Mill Pike has reopened to traffic. It had been closed due to the installation of an auxiliary raw water intake pipeline.

The City of Alcoa announced today that Martin Mill Pike has reopened to traffic. It had been closed due to the installation of an auxiliary raw water intake pipeline. The contractor for the project, Morgan Contracting of Baker Florida, will complete the final paving of the road in approximately two weeks. Only one lane at a time will be closed during the paving process.
