

# GIS TAX PARCEL SEARCH & ZONING INFORMATION

---

<http://www.blountgis.com/alcoa/>

## **GIS Tax Parcel Search:**

Step 1: Enter 005

Step 2: Enter Control Map

Step 3: Enter Group (Note: Not all Tax ID's have Group letters)

Step 4: Enter Parcel

**Step 4 Note: During this last step do not hit enter after inserting the 5 digit parcel number. Any number of spaces will give a no results message.**

**Example 1: 005046C A 04001**

**Note: This example is representative of those parcel numbers that have map and group letters.**

To identify Control Map 046C/Group A/Parcel 04001, the following shall be typed in this order:

First type **005046C** then enter 1 space then type **A** then enter 1 space and last type **04001**.

**Example 2: 005026 05503**

**Note: This example is representative of those parcel numbers that do not have map and group letters.**

To identify Control Map 026/Parcel 05503, the following shall be typed in this order:

First type **005026** then enter 4 spaces and last type **05503**.

## **Zoning Information:**

When verifying and/or checking the zoning of a parcel, the zoning layer box shall be turned on under map contents. Additionally, always cross reference zoning inquiries with the full street address.

All zoning questions and checks shall be directed to the Planning Division of the Planning and Codes Department at 865-380-4730.
