

# Energy Depot

Energy Depot is an integrated suite of online resources brought to you by Alcoa Electric Department and TVA. It is designed to answer your every energy question. You can use Energy Depot to:

**Energy Profile** - Understand your overall energy use and cost as well as identifying specific actions you can take to reduce your energy bills. Perform an online energy audit and receive your Business Energy Profile report.

**Energy Library** - Read about a range of home and business energy topics and review the most frequently asked questions and answers on energy use.

**Energy Advisor** - Have any remaining energy questions answered via email by an online energy advisor.

## [Enter the Energy Depot Now!](#)

Hurry! Now through June 30, 2008 - Receive a FREE energy conservation kit when you complete the online audit!

Just complete the full version of the [Energy Depot for Homes Profile online audit](#) and Alcoa Electric will send you an energy conservation kit filled with items to help you save energy and reduce your electric bill. You'll also receive a free energy audit report to help you understand where your home is wasting energy - and how you can fix those expensive leaks.

The energy conservation kit includes two compact fluorescent light bulbs, outlet and light switch gaskets, filter whistle, two faucet aerators, hot water temperature gauge, home thermometer, and "How to Save" brochure.

Complete the audit and you will receive your kit in approximately 4-6 weeks. Limit one kit per household. This offer is open to residents of the Tennessee Valley served by TVA and local distributors of TVA power. Offer ends June 30, 2008.
